Stewardship Services

Spring 2027 Tree and Shrub Order Form

Trees and shrubs are now available to purchase through Maitland Conservation's 2027 Tree and Shrub Order. The variety of species available provide conservation benefits in the form of windbreaks, buffers, and more.

How to Order

Complete and submit this order form by email to trees@mvca.on.ca, by fax to 519-335-3516, or by mail to:

Maitland Conservation
Box 127, 1093 Marietta St.
Wroxeter, ON
N0G 2X0

Note: Pickup and payment will be arranged in the spring. See conditions of ordering for more details.

Grants Available

Depending on the size and nature of your project, you may be eligible for cost-share funding. Reach out below for more details on program eligibility.

Planting Services

Maitland Conservation offers planning and planting services for restoration-level projects. Let us know if we can help coordinate this before submitting an order.

Mailing Lists

Want to stay up to date on our programs? Join our forestry mailing list for tree sale information or our stewardship mailing list for project and funding updates. Sign up by selecting 'Yes' on the next page or reaching out below.

For inquires on grants, contractors, stock, and more, please contact:

Ashley Elliott, Forestry Technician

trees@mvca.on.ca 519-335-3557 ext. 224 mvca.on.ca

Orders are accepted while quantities last.

Stewardship Services

Spring 2027 Tree and Shrub Order Form

Conditions of Ordering – Please Read:

1. An administration fee of $20.00 is applied to each order.
2. Customers must order a minimum of 5 large stock or 50 seedlings.
3. Seedlings must be purchased in bundles of 10, with a minimum of 50 seedlings.
4. Trees and shrubs are **restoration grade stock** making them suitable for stewardship projects including windbreaks, watercourse or drain buffers, and retiring marginal land.
5. Customers are responsible for their **pickup at the Maitland Conservation Administration Centre in May 2027**. Maitland Conservation will reach out to schedule pickup dates and times in April 2027.
6. **Prices are subject to change** by spring depending on supplier cost and availability. Staff will notify customers of price changes and customers will receive invoices at the time of pickup
7. Deposits will be required for orders over $5,000. Staff will connect with you in the new year to arrange deposit.
8. Maitland Conservation takes all precautions to ensure plants are distributed in the best possible condition. Due to environmental conditions beyond the control of Maitland Conservation, we assume no responsibility for the survival rate of trees and shrubs.

Customer Information

Personal information on this form is collected under the authority of the Conservation Authorities Act Section 21. This information will be used for invoicing purposes, may be used to assess funding eligibility, and to determine our most successful ways of reaching customers.

Name: _____

Other Site Considerations

Salt spray from roads can harm plants. Sensitive trees and shrubs that should be **avoided** near road-ways, include:

- Sugar maple
- Red maple
- Black cherry
- White pine

Black walnuts release a chemical that can inhibit other plant growth. **Tolerant** trees and shrubs that can be planted in close proximity include:

- White Cedar
- Sugar maple
- Red maple
- Oaks
- Bitternut hickory
- Kentucky Coffee Tree
- Eastern Redbud
- Sycamore
- Tulip tree
- Sandbar willow
- Red-osier dogwood
- American Hazelnut
- Elderberry
- Red Cedar
- Hackberry
- Spicebush
- Ninebark
- Serviceberry
